

About GSDsite.com

Hi, My Name is Steven Ingate. Fortunately I am retired and I am able to spend approximately 12 or more hours a day 7 days a week administrating this site. I enjoy every minute of it. I was inspired to build this site in memory of a my good friend (Sable) that served me for 13 years.

I am presently living in Myrtle Beach, South Carolina, USA where I operate GSDsite from.

I have a great passion for German Shepherds and have owned GSD's ever since I was a little boy. At the present time I own 3 GSD's. Two (a male and a female) were imported from Germany. The third female was imported from the Czech Republic. They are all titled in one way or another and they are all medical service dogs.

GSDsite went online approximately late in 2010 under a different domain name. I decided to shorten the domain name so it could be remembered and spelled with little difficulty. I wanted GSDsite to be a Worldwide site and as complete as possible.

GSDsite started with 23 categories and now has in excess of 60 categories and growing.

We are the most sophisticated German Shepherd Site that is available. We have an Online Translator that contains 60 different languages so your Listings can be translated for the world to read.

Each listing has a unique QR code (barcode) that can be scanned by smart phones and tablets. Other sites that use QR codes only read the Home page.

We have a sophisticated html editor for each user and you can virtually build a web site presence. All you need is an email address.

We have a great back link program that has many banners in different languages to place on your site and if you desire you can link the banner to your specific listing.

You can place a listing 24/7 and have the ability to edit your listing as often as you like.

GSDsite has so many Features that you can choose from. Please click our features tag to see them (we are constantly adding more).

Finally I would like to thank my friend and developer (Richard Z,) who is located in the Czech Republic. Richard has shown a true passion for GSDsite and has worked countless hours improving and upgrading GSDsite. Thank you Richard you are a good friend.

I sincerely hope you enjoy GSDsite and wish you would let others know of our presence. Thank you.

Yours truly,

Steven Ingate
