## Sequoyah German Shepherds

<http://www.sequoyahshepherds.com/>

All of our German Shepherd puppies and dogs receive a full veterinary inspection, including hip and elbow screening, are microchipped, and current on all vaccines. All of our dogs are AKC registered as well.

Sequoyah German Shepherds Veterinarian Owned Sequoyah German Shepherds, located in the hills of South East Tennessee just North of Chattanooga. We specialize in breeding quality German Shepherds and raising German Shepherd puppies with working backgrounds -- excellent for family pets, personal protection, and working situations. We often use imported lines (Schutzhund). We have been raising German Shepherds in the Southeast for over 12 years now, and many of our pups can be found in Georgia, Alabama, Florida, Kentucky, Mississippi, Texas, North and South Carolina, and even Pennsylvania to name a few. All of our German Shepherd puppies and dogs receive a full veterinary inspection, including hip and elbow screening, are microchipped, and current on all vaccines. All of our dogs are AKC registered as well. Our German Shepherd puppies are specifically bred for their orthopedic quality and sound temperaments.
