Each German Shepherd puppy comes with a very in depth guarantee.

Kleinen Hain German Shepherds We specialize in breeding the highest quality working line German Shepherd puppies. Our German Shepherd dogs and German Shepherd puppies have primarily DDR (East German) and Czech bloodlines selectively bred to produce the ideal versatile working companion German Shepherds. Our purpose is to produce German Shepherd puppies that are capable of competing in the highest level of competition. We only plan German Shepherd breedings that we would personally love to own a puppy from, which says a lot as we hold very high standards for our own dogs. All of our breeding German Shepherd dogs fit into our own idea of what a German Shepherd should be. They display tremendously high drives and beyond exceptional working abilities. Our German Shepherds are confident, loyal, highly intelligent and protective in nature. They have very stable nerves, a social and gentle temperament and the necessary "off switch" to be a close companion in the home. We do our best to pair each buyer of our puppies with the specific litter and the specific German Shepherd puppy that will best suit their needs. Each German Shepherd puppy comes with a very in depth guarantee. We stand behind our German Shepherd puppies and put our best efforts forth to ensure the greatest possible life for each and every one of them. We are happy to answer any of your questions and to provide you with any information that will help you with your decision about welcoming a quality German Shepherd puppy into your home.
