### WORK + STRUCTURE + INTELLIGENCE

Alpha K-9 Kennels German Shepherd Breeder Vom Younghaus is a premier German Shepherd Breeder established since 1991. We have produced many competition sport dogs over the years and even more loving family companions. Our foundation breeding stock were selected and shipped directly from Germany. Since we have gone through Hawaii State's strict quarantine process, we are able to bring these bloodlines to the Hawaiian Islands and Guam with NO QUARANTINE required!! We have both working bloodlines, and intelligent Sieger lines. Our dogs and pups have outstanding temperaments and are highly trainable, proven to satisfy most family's needs for a home watch dog and loving family companion. The pedigrees combine to bring our dogs, correct structure, sound nerves, intelligence and trainability.
