Heidelberg German Shepherds Heidelberg German Shepherds are bred Especially for Outstanding, Predictable Temperament and Intelligence. First is Temperament: Heidelberg Shepherds are much larger in size than most German Shepherds but are very harmonious physically with Exceptionally large bone. Our Males and Females are very deep chested as specified in the Standard for the German Shepherd with the chest extending well below the elbows and a slight tuck-up to the stomach (not gutty looking like some of our competitors dogs.) Heidelberg Shepherds are Very Loving and Sweet with your family, friends, acquaintances, and especially Children. Our Shepherds are the perfect loving baby-sitter for children BUT are absolutely fearless when the family or other pets are endangered.
