Click the Image Directly ^{^^Above^^} for More Information, Current Pricing and Availability. You will not be charged until after you review and complete your order. Jump bar height & width are quick and easy to set. Features a range of heights from 4" to 26". Includes four 48in displaceable bars that are adjustable in height and width for any size dog. Base feet have a unique 3 point ground contact design that gives added stability on uneven surfaces. Furniture grade UV stabilized PVC with 1" OD makes this obstacle lightweight, and weather proof! Easy assembly directions and handy guide to choose the correct jump setting for your dog included. Product Description Double the challenge. Double the skill level! The Double Jump is an obstacle that is sometimes over looked while practicing at home, but it is an obstacle that is commonly used in at agility trial's! The challenge is for your dog to clear the jump by not only jumping high, but long as well. Similar to a Competition Double Jump in dimensions and function, this is scaled down in width just a little bit to save you on shipping costs. The low price and full function makes it a great choice for backyard practice use. Displaceable Jump Bars rest on 4 pairs of clip-on jump cups that adjust on the vertical poles for height adjustment. Vinyl colored tape included to decorate the Jump Bars.
