AKC Registered, Championship Bloodlines, DNA Certified German Shepherd Puppies Limited or Full Registration

South Georgia Shepherds We are a small family owned kennel in South Georgia that specializes in quality AKC registered German Shepherds from championship bloodlines. We devote ourselves to breeding healthy, happy puppies who make lifelong companions for you and your loved ones. We spend countless hours with all of our dogs and puppies so that they become well adjusted and ready for their new homes. Our children, ages 12 and 6, play with the puppies on a daily basis and this further helps prepare our puppies to enter homes with small children. This socializing starts the critical bonding period necessary to foster the loyal and protective nature associated with this breed. The love of this breed is why we chose to become breeders and unlike huge kennels or puppy mills, we only practice selective breeding. We spend quality time with all of our pets, which is another thing that sets us apart from other breeders. Our animals are members of our family and we take pride in raising healthy litters of German Shepherd puppies that become members of someone else's family. We love to keep in contact with those who take home a puppy to become a member of their family. We also believe that what our customers say about us speaks volumes about our dedication to what we do and as such want to share that with you.
