Vom Eisenraben German Shepherds

<http://vomeisenraben.webs.com/>

All of our dogs are registered with the American Kennel Club and United Kennel Club. All of our puppies are placed with a 2 year hip & health guarantee.

Vom Eisenraben German Shepherds We are a small hobby breeder residing in beautiful Western New York. In our breeding program, we strive to produce quality working line German Shepherds with excellent health, correct temperament, solid nerves, and work ability. Our dogs' are some of the finest Czech, West German and East German (DDR) Working Lines. All of our breeding dogs are Hip/Elbow certified by either the Orthopedic Foundation for Animals (OFA) or the German Rating system (SV). We do DM Test all of our breeding dogs. Our dogs must possess sound temperaments to make it into our breeding program. We are not a kennel. All of our dogs are raised in the home as part of the family, socialized to the maximum with people, including children, dogs, and cats. They are also exposed to various environments. All of our dogs are environmentally sound. Our puppies are bred to have the ability to thrive in any environment with strength, structure, and clear minds, whether they become a Family Companion, a Police K9, or a Schutzhund competitor etc. All of our litters are carefully planned. Prior to leaving for their new homes, all of our puppies will have received age appropriate vaccinations, multiple dewormings (starting at 2 weeks of age) and will be microchipped. All of our puppies are vet checked and will come with a health certificate from our vet, along with proper AKC Papers, Puppy Contract, a familiar toy, and a sample baggy of food they are currently being fed. medianet_width='160'; medianet_height='90'; medianet_crid='892948197';
