Product Description: The #1 Selling Probiotic for Dogs and Cats! *Up to 360 doses per container (for animals under 50lbs - 180 for dogs over 50lbs). Probiotic Miracle is a stable, tasteless probiotic powder for dogs and cats. Each scoop provides 1 billion CFUs of healthy probiotics for your pet. **PROBIOTIC MIRACLE IS THE MOST COMPLETE AND EFFECTIVE YOU CAN BUY - GUARANTEED!** PROBIOTICS for dogs and will help! YOU WILL notice BY ALL the health improvements your dog or cat experiences! Probiotic Miracle was formulated specifically for the needs of your pet and contains the following stable strains of bacteria: L. acidophilus- L. acidophilus has the ability to actually cling to the intestinal wall without harming it. In fact, it is best known for its ability to move un-disrupted through the stomach and into the intestines where it eats away at disease causing bacteria. It is known for reducing the occurrence of constipation and diarrhea, increasing nutrient uptake (especially calcium), preventing food poisoning and alleviating dermatitis and other skin and coat conditions. B. animalis- one of the most researched probiotic strains for domestic animals. B. animalis is found in the large intestine and aids in protecting and removing toxins from the colon. L. rhamnosus- is one of the more highly studied pro-biotic strains, primarily used in the treatment of gastrointestinal disorders. It also aids the body in resisting yeast and urinary tract infections. L. salivarius - has been shown through research to produce a high amount of lactic acid, which is able to inhibit the growth of harmful H. pylori bacteria. L. fermentum - Highly researched to help prevent and aid in urogenital infections. Effective in inhibiting the growth of harmful bacteria in the body. L. reuteri - Known as the "universal gut" organism, inhibits the growth of harmful bacteria as well as supports production of natural antibiotic-like substances. Widely researched and effective for dogs and cats. Also contains Pre-biotics.
