We Breed For Temperament, Working, Conformation And BRAINS.

JYETARA GSD's AUSTRALIA BREEDER OF THE FIRST AND ONLY TRIPLE CHAMPION We Breed For Temperament, Working, Conformation And BRAINS. One of the Most Important features of the German Shepherd today is its Temperament... It needs to be SOUND. We aren't your "typical" dog breeder. We never kennel, or cage the dogs. They are all free to roam inside or outside our home. With 6 dogs, it can be one heck of a fight for a place to sit though! Every day, we take the dogs out to several hundred acres of free roaming and rabbit chasing. We raise puppies in a home environment with children and many social contacts Including interaction within the home, not just out in the back-yard. This helps shape their temperament in the right direction. Then needed, is a loving, responsible owner along with a lot of understanding and caring for the completion of a successful pet. With all this, this gives the breed its true and rightful tribute. "Mans Best Friend" We offer life-long ongoing support for you and your puppy/dog. Help with any aspect of raising and caring for your puppy/dog. And support with any difficulties that life likes to throw at us as pet owners. medianet_width="600"; medianet_height="120"; medianet_crid="137148174";
