MottoPride Shepherds

<http://www.mottopride.ca/>

**** All puppies will have their 1st shot, be dewormed twice and have microchips. These pups come with a guarantee and are sold on a NON-BREEDING AGREEMENT. ****

MottoPride Shepherds We have been member's of the Canadian Kennel Club since 1995. Our farm is situated outside of Stony Plain, Alberta. With having 6 large German Shepherds we have 3 large pens for them. There are usually 2 dogs per pen and are switched around daily so they can get along with each other. We do have 2-3 outside with us daily when we are doing chores or having a little fun with them. We breed for temperament and quality shepherds. Our female shepherds are from german lines while the males follow american lines. We have found over the years that breeding the 2 lines produces a slight angulated pup which are very showy and have great conformation. All of our shepherds have nice, quiet personalities. They welcome new comers to our home with a little bark and lots of tail wagging. Being a shepherd, they are very protective over each other, ourselves and their home. The size of them are a deterrent enough, we don't need aggression in them. All content of this listing belongs to the Owner in this Listing! Copyright © All Rights Reserved.
