I am a small Hobby Breeder located in Central Virginia.

Vom Weidenhaus German Shepherds I am a small Hobby Breeder located in Central Virginia. We are located on 5 acres in Louisa County. I was raised around shepherds as a kid, we always had 1 male to live with us and I have owned and bred German Shepherds since 1994. I breed for "Quality" not "Quantity." I only have 1-2 litters a year, we breed specifically for beautiful Black & Red Showlines. My dogs are a part of our family, we are not a facility or kennel! All of my dogs have been well socialized and raised with my children. I make sure that all of my puppies are socialized from birth on up until it is time for them to go to their forever homes. They are family raised with us and are very used to being around different sounds and noises. I try to make sure that they are completely used to everything before they leave. medianet_width='600'; medianet_height='120'; medianet_crid='486179124';
