ALWAYS FAITHFUL follows five young Marines from training through deployment overseas. For these highly skilled dog teams, the stakes are unthinkable. They are responsible for the lives of countless fellow troops - with no room for error. Their unforgettable tales of bravery and sacrifice are powerful, searing and heart wrenching. Made with the cooperation of the U.S. Marine Corps, the film is directed by War Dogs of the Pacific's Harris Done and produced by Academy Award-winning filmmaker James Moll. Done and Moll have teamed before on such notable documentaries as Running The Sahara, Oscar-winner The Last Days, and Grammy-winner Foo Fighters: Back And Forth.
