Johnson presents the basics of tracking work, and leads the reader step-by-step through a planned, easy to follow program, which has resulted in 100% success for his students. This success is now yours, regardless of your breed of dog or your past experience. · NEW Foreword by Don Arner · Training Philosophy and Terminology · Determining Behavioral Characteristics · Tracking Training Essentials · T. D. Training Methods · Classical Problem Solving and More! Editorial Reviews About the Author Glen R. Johnson brought his many years of experience and innovation to write what has become the "bible" of trackers everywhere. His experience ranged from military dog work, to detection of toxic pipeline leaks using dogs.
