Designed for active dog owners Adjustable to Fit Comfortably Light weight Breathable and Waterproof Machine Washable Product Description GSDsite.com Hurtt Agility Vest is a light and unobtrusive training vest specially designed for running events involving dogs. The vest is made from light ripstop sports fabric with a breathable and water-resistant Houndtex layer. The hem and high collar can be adjusted so the vest sits comfortably and remains in position when running. The front of the vest has a zip/zipper breast pocket and two large zip/zipper pockets for treats and motivational toys. The front pockets contain pocket bags that can be detached for washing. The back pocket of the vest is roomy enough for large training dummies or accessories. The shoulder has a hook-and-loop fastener for attaching motivational toys and rings and clips are located all around the vest. The vest has a number of built-in technical features designed to make training easier and more comfortable. Machine washable 40°C/105°F (warm).
