## Nylabone Proaction Dog Dental Chew

Multi textured design provides dental stimulation while it helps satisfy a dog's natural urge to chew

Click the Image Directly <sup>^^Above^^</sup> for More Information, Current Pricing and Availability. You will not be charged until after you review and complete your order. Multi textured design provides dental stimulation while it helps satisfy a dog's natural urge to chew. Bristles raised during chewing help clean teeth and control plaque and tartar build-up while massaging gums. This bone is recommended for large dogs up to 50-pound. This advanced canine dental device is multi textured to provide dental stimulation and chewing satisfaction. It also satisfies the natural urge to chew and reduces tartar and massages gums. Size Large. Product Description: Pro Action<sup>®</sup>,<sup>ç</sup> Dental Chew (Large)- This advanced canine dental device is multi textured to provide dental stimulation and chewing satisfaction. It also satisfies the natural urge to chew and reduces tartar and massages gums.
