Our dogs make exceptional family protectors with outstanding loyalty.

ARRA K9 We raise our pups in our home, with our two children to provide them with the socialization that they need. We use a fantastic program to develop their drives and desire to work and think. A series of jumps, obstacles, and tug toys and balls are always present to teach and entertain them. I use scent drills to teach them they have tracking ability and to utilize the skill. A good puppy is not just born it is nurtured and developed. The effort we put into our pups helps you know that your pup from us will have an advantage over the competition. The pups have a swinging door to allow them access outside. They are normally potty trained when they leave. All have crate training, so they are used to being in them. Always vaccinated and dewormed with a vet health check. All content of this listing belongs to the Owner in this Listing! Copyright © All Rights Reserved.
