Click the Image Directly ^{^^^Above^^^} for More Information, Current Pricing and Availability. You will not be charged until after you review and complete your order. Reduced receiver/collar designed for smaller dogs
Precise stimulation levels (0-100); 400-yard range
Nick, constant, and non-stimulating vibration modes
2-Hour quick charge
Fully waterproof collar/receiver and water-resistant transmitter; LED battery life indicator
Product Description
The IQ is one of the smallest, yet more powerful e-collars to be introduced in years. It features a 400-yard range, 2-hour rapid charge Lithium Polymer batteries and Dogtra's reputation as the world's finest e-collars. To attain a complete charge, we suggest a 10-hour charge of units using NiMH batteries or a 2-hour charge for units using the "Rapid Charge" Lithium Polymer batteries. Please see your owner's manual for complete charging instructions for your particular unit. When charging, make sure to charge both transmitter and receiver components. What's in the Box?
Transmitter
Receiver
Battery charger and splitter cable
Owner's manual
