At Witmer Tyson Imports we have been selling and training police dogs for over forty years.

Witmer-Tyson Imports The combined experience of owners Randy Tyson-Witmer and David Witmer spans many decades. Randy has been training dogs for over forty-five years. She imported her first dog from Germany and began purchasing dog equipment and supplies from companies in Germany because of their superior quality. David is a retired police officer with a college degree in police science. He worked with a police dog for 11 of his 18 years of active duty. Our years of experience in dog training and police work allow us to assist you in selecting the most appropriate equipment for your training needs. Please feel free to contact us if you have any questions or would like more information. We offer three basic handler courses a year. We also offer two narcotics detection classes, one explosives detection class, one beginning tracking class, one advanced tracking class, and one canine helper class per year.
