We adhere to the German SV system for breeding of German Shepherd Dogs

Pittsburgh Dog Training and German Shepherd DogsSchutzhund, now known as IPO (I'm sure someday I will get used to calling it IPO) is my personal dog training passion. For an in-depth description of Schutzhund, please follow the link at the bottom of this page. For now, let's just say Schutzhund is an all breed dog sport, and German Shepherd Dog breeding test (and sport) consisting of three phases; Tracking, Obedience, Protection. I personally use schutzhund as a breed test, as well as a hobby/sport for fun. Not every dog has the genetic make up to be able to participate in Schutzhund. Don't worry though, there are a zillion other fun things you can do with such a dog. Not even every German Shepherd dog has the potential to do protection training, (they should, but that is another subject entirely, let me just say this, If you are wanting to get started in Schutzhund and DON'T already have a dog, please do some research or let me help you find a dog) If you do have a dog, and are interested in Schutzhund, we can evaluate your dog and be honest about whether he/she has potential to do Schutzhund training, whether you are interested in titling or not.
