Zwinger Vom Deutschen Rosenstamm

<http://www.schaeferhunde-vom-deutschen-rosenstamm.de/>

My life partner, Heidi Fricke, and I, Lothar Drebes, have our hobby breeding for East German Shepherds under the kennel name in 2016 "from the German Rose Tribe".

In order to be able to breed the healthy, strong dog, we have looked more closely at the German Shepherds from GDR breeding lines. These dark grey or lacquer black dogs have a straight back and are HD, ED, and DM/NN free. We have been looking for a breeding association where the health of the dog comes first. We built our breeding according to the guidelines for East German Shepherds at the National Dog Club Germany NRCD.E.V. All our dogs have obtained the breeding approval for the breed standard, are HD/ED and DM/NN free and can therefore be used for breeding. With the support of our breeding observatory and meanwhile also very good friend Markus Zabel, kennel from the German Rosenhof.de, our kennel is certified as a recognized breeding ground for East German shepherddogs. Our family dogs also have all the utility dog characteristics necessary to be trained as sports, service, and rescue dogs. That's why we are not only breeders, but also dog athletes with body and soul. We train our dogs ourselves in the dog sports club Dessau-Mosigkau to accompany-protection and track dogs. At the SGSV-Landesverband-Sachsen-Anhalt we regularly have the level of training of our dogs assessed in performance tests. We would like to address people who care about the health of the German Shepherd, but who also consider the intelligence and beauty of the family dog as an important part of the utility dog characteristics.
