Highlander German Shepherd puppies are raised in our home as a part of our family.

Highlander German Shepherds We are located in the Hudson Valley region of New York midway between New York City and Albany. Our dogs and puppies are very special members of our family. They have been carefully chosen for temperament, health, and type from the finest West German bloodlines. A joy to live with and love, they have been lovingly nurtured in our home which has made them very confident and social. Their "kennel" is our home that we very willingly share with them. Highlander German Shepherd puppies are raised in our home as a part of our family. Human imprinting starts literally from birth. They go out into the world loving people confidently and easily embedding themselves in their new family's hearts. Our home and lives are built around our dogs that are carefully monitored in every way. We have 40 plus years of experience with German Shepherds that includes Police K9, narcotic detection, search and rescue, advanced obedience, personal protection, animal assisted therapy, service dog training/handling, as well as loving family companion dogs. We are extremely proud of our dogs and love them more than words can say, they are a vital part of our lives. We do not mass produce puppies. Having a few select litters per year enables us to give each puppy individual attention, human imprinting, and socialization. A tremendous amount of thought and consideration on our part is done prior to placing a puppy with a family. Placing our puppies is an adoption process and a great responsibility. Our commitment to our puppies does not stop at the adoption but continues throughout their life, as we strive to be available at any time to the adoptive families to assist them in achieving the best relationship between them and their newest family member. Highlander German Shepherds is a family run breeding program that is comprised of myself (Alisia) and my parents: Tom & Lorraine. This is not a business but rather a labor of love, belief in, and dedication to the fabulous German Shepherd breed. All content of this listing belongs to the Owner in this Listing!
