Storm Dog Training L.L.C. Home Protection Dogs Welcome to Storm Dog Training L.L.C., a Disabled Law Enforcement owned company located in Sunbury, Ohio. Our Home Protection Dog Program is a client specific program. Below is some information that will assist you with your selection. How Does The Home Protection Dog Process Work? After consulting with you on the phone regarding your specific level of protection, we will inform you of dogs available. Once selected and if needed, training will be detailed specific to your needs. We then will work with your schedule to set delivery. All Home Protection Dogs will be delivered by one of our Master K9 Trainers and includes handler course. No Home Protection Dogs will just be shipped to a client. This Handler Course is not only necessary for the new owners, but also for the Dog. Proper introduction, acclimation and Handler specific information needs to be instructed on how to work and maintain such an investment. Why Pick Us for your Home / Personal Protection Dog Purchase? We take pride in our Home Protection Dog Program and feel it's very important that each client have training specific to their protection needs. Many companies just import dogs from Europe and pass them on to their clients with no further training. When you are looking to make such an investment to protect your family, business or estate, you can rest assured that our dogs will be detailed to your needs. After Selection of Dog when can you Expect Delivery? Once we have selected a dog from those available, delivery will be 2-4 weeks out. This is dependent on the amount and degree of specialized training your K9 will need in order to fit your Protection Needs. We will work around your schedule for delivery and make this One of the most Professional Experiences you have had. Who will Deliver your New K9? Your Protection dog will be delivered by one or two of our Master Trainers, all of which are current or former Law Enforcement or Military Officers and K9 Handlers. Are these dogs Safe with Children? YES!!!! Although we are client specific, 95% of our Home Protection Clients have children and are surprised at how gentle our dogs are with them.
