makes German Shepherd Breeding not just one, but two dogs who competed at the BSP (German National Championship).

Kraftwerk K9 BREEDER AND IMPORTER OF WORKING GERMAN SHEPHERDS SINCE 1987 Since it's founding by visionary leader Wayne Curry, Kraftwerk K9 is America's #1 authority on breeding and importing of working line german shepherds for sale. Mr. Curry has represented the United States in several international schutzhund competitions around the world including Czech Republic, Slovenia, Austria and Italy. He has also been the winner of numerous Regional and National Championships, recognized by the New York Times, other major newspapers, New Zealand Radio, and Q13 Fox News TV as an expert in the field of breeding and training German Shepherd dogs. Kraftwerk K9 working line german shepherds have been exported all over the world including: the Middle East, Argentina, Spain, Mexico, and Canada. Their signature appearance can be distinguished by the overall impression of strength and character they possess. Kraftwerk K9 is the only U.S. german shepherd breeder in history to have three dogs compete at the BSP, Germany's most prestigious schutzhund event. Our working line german shepherds for sale are highly adaptable to any environment, bred to the highest standard in the world with the same qualifications also practiced in Germany. From top-level competition dogs, to practical protection for individuals, families, and businesses, our german shepherds for sale serve in many different capacities throughout the world. Our puppies and trained german shepherds for sale are typically sent to their new homes using airline pet priority services. Most often our working german shepherds depart from SEA Seattle Washington State or PDX airport in Portland Oregon. All content of this listing belongs to the Owner in this Listing!
