## Celhaus German Shepherds

<http://celhaus.com/>

They are registered Therapy Dogs (Therapy Dogs Incorporated).

Celhaus German Shepherds Tikvah (Tikvah vom Geistwasser) Tikvah is a daughter of Irmus Galan Nalag SchH3 and Kenna vom Salztalblick SchH1. Tikvah was whelped on February 25, 2012. German Shepherds Temperament: Deep, sound temperament, stable nerves, gentle, eager to learn and work, able to protect if needed and confident enough to know when and when not to move into defense, good with children and other animals, calm & easy-going when nothing going on. Conformation: Soundness, balance, correctness of structure, alertness, the "Look of Eagles". German (not American) breeding gives soundness and correct structure and size, with none of the extremes of the American lines. Health: Vigor, longevity, "easy keepers". Both my females and the males they're bred to are OFA certified for hips, elbows, thyroid and hearts. Eyes are CERF certified. Von Willebrand's & hemophilia free. Trainability: My dogs are trained in obedience, tracking and agility. They are registered Therapy Dogs (Therapy Dogs Incorporated) and make regular visits to nursing homes. I am especially excited about my male, Caz, a Belgian import, and can hardly wait to see how well he produces his excellent temperament, steady nerves, desire to please, happy-go-lucky attitude, and intelligence. Personality: Very outgoing, curious, with a sense of humor, full of the joy of life, active, ambitious. All buyer homes inspected before pups are allowed to leave here. I want them to be with you all their lives, and for you to know the joy of being owned by a good GERMAN SHEPHERD. There's nothing like it!
