As breeders and trainers of working dogs for various applications, we are proud to offer top-quality German, Belgian and Dutch Shepherd puppies and trained (obedience, protection, etc.) adults. In addition to using OFA (www.offa.org), we are one of the foremost users of PennHIP (www.pennhip.org) Hip Evaluation Reports in our breeding program. Our dogs can be found worldwide protecting their families, municipalities and their countries. If we don't have what you want, we'll be happy to import your dog or puppy from one of our reliable vendors in Eastern or Western Europe.
