Top Gun Shepherds

<http://www.topgunshepherds.com/>

provide top-notch German Shepherds to good homes.

Top Gun Shepherds Regal and royal in appearance, aloof, self-confident, loyal and stable in character. At Top Gun Shepherds we offer quality, purebred German Shepherd puppies, adult dogs, and stud dog service. In December of 2011, I partnered with Steve House in the ownership of a titled male import from Germany. Steve is a world-renowned dog trainer. He has been involved with German Shepherd dogs and Schutzhund training since approximately 1979. His involvement in German Shepherds began with police service dog training. Shortly thereafter he became interested in Schutzhund training and has spent the past 30+ years learning and refining his skills. He is also very involved with conformation training and has shown dogs at the Sieger show in Germany. Since his involvement in Schutzhund as a training helper, he has worked countless trials and breed surveys across the United States and has also done helper work in clubs in Germany.
