Blackthorn Working German Shepherds

<http://www.blackthornkennel.com>

All puppies will be AKC registerable, tattooed, vaccinated, dewormed, and health checked by a veterinarian before going to their new homes.

Our working-line GSD puppies consistently exhibit strong drives, a natural willingness to please, confidence, and athletic ability, making them excellent candidates for SAR (search and rescue training), schutzhund, agility, herding, competition obedience, police work, detection, or any other working endeavor. Special consideration will be given to handlers experienced in competitive dog sports, herding, police work, and search and rescue. As in any litter, some puppies will be lower in drive and activity level and will make excellent companion dogs. I work hard to ensure that each puppy is in a home that is well-suited to its temperament, drives, and energy level.
