### Kennels von Lotta

<http://www.vonlotta.com/>

Here at KvL we breed for a dog with stable, self-confident temperament that is very eager to spend time with you and to play (strong pack drive).

Kennels von Lotta! Our focus is selecting quality, well balanced German bloodlines for the improvement of the breed's health, temperament, and appearance. We feed our dogs all natural raw foods, or premium holistic foods. All our dogs are trained (titled in Schutzhund), health, temperament, and endurance tested, and also are successful in conformation shows. We breed 1-3 litters a year. Our puppies are born in our home and handled frequently every day. They are current on vaccinations, tattooed for ID, and their ancestors (including parents) have certified healthy hips for over 15 generations in their pedigrees, that can be tracked back to the first registered German Shepherd Dog, Horand von Grafrath (DOB: 1895). We also offer stud services. Our website is very informative with tons of pictures and articles on GSD care and training. Please come by for a visit!
