Copybush German Shepherds

<http://www.copybush.com/>

We train our German Shepherds for both the Breed ring and for Schutzhund.

Copybush German Shepherds Copybush German Shepherds reside in South Wales where a short walk takes you to the Sea Wall with views across the Bristol Channel. We have room for more but prefer to be a small kennel with regards to the numbers kept and have always bred for quality not quantity, selecting top class males such as VA Odin v Tannenmeise, VA Hoss v Hasenborn, VA Fando v Sudblick and more recently VA Huppy v Arlett, VA Orbit v Tronje and Whisky v Bierstadter Hof, to achieve our aim. We are justifiably proud to have produced Best In Show All Breed and Ticket Winners along with 3 Champions, at home and abroad, from little more than a handful of litters, proving that careful selection along with in depth research and correct rearing achieves results. Our German Shepherds enjoy over 10 acres in which to run and play freely which helps to ensure they are fit in both body and mind. We are one of the few kennels in the UK to train their German Shepherds for both the Breed ring and for Schutzhund. All are tattooed and hip scored, (now under the German 'a' stamp) are blood tested for DNA and our males are tested clear of Haemophilia. We do not have lines to those known to be producing epilepsy, either on or off the pedigree! Regular trips to Germany enables us to keep abreast of the latest developments within the world of German Shepherd Dogs. Glynis has on numerous occasions acted as stenographer for overseas judges [including SV] at major shows including the Sieger show. A Championship show judge, Glynis has judged the breed at home and overseas including New Zealand and Australia. All content of this listing belongs to the Owner in this Listing!
