German Shepherd puppies from TOP Czech lines

We are a small family operated and owned kennel focusing the majority of our time on our dogs. As dog trainers first we feel it is of utmost importance to get a puppy off to the right start from the day they are born. We have a puppy program we put our litters through to encourage confidence, build up the ability to handle stress, and expose them to as many different surfaces and obstacles as we can. This creates a very well rounded puppy making for a fantastic candidate in a working home, or as an active companion for a family. We choose to keep our kennel small to ensure we dedicate as much time as we need to each individual puppy as well as our adults. We train and title all of our dogs ourselves to gain a complete understanding of what our dogs have to offer to our breeding program. Breeding only a select few litters a year allows us the ability to evaluate puppies as they grow so we can match puppy and buyer for complete compatibility. With the small amount of litters, this means we may not always have puppies available. We choose to keep a waiting list to be called when puppies are born, and deposits to be placed on puppies for a place in line. When our puppies are placed into homes they come with AKC Registration, Pedigree, Microchip, Tattoo, Health Guarantee, Contract, Breeder support for the life of the dog, Puppy instructions on diet & training, and as many answers as you have questions!
