Midnight Sun Kennels We are a small hobby exhibitor specializing in AKC American Show Ring Bloodlines. Due to county and city ordinances, plus taking into account the quality of life of these dogs, we are limited in the amount of dogs we can keep. Many of our dogs live with their co-owners where they are family companions as well as show dogs. We designed our kennel area after years of trial and error with managing the dogs. We also had a fantasy list of comforts for ourselves. The end results were a climate controlled building for the dogs to sleep which includes a separate whelping and puppy area; bathroom, full laundry and kitchen facilities; and TV and internet! We decided on concrete runs under a huge connecting pavilion which has overhead fans to keep the dogs cool during the heat of the summer. The concrete is easy for us to clean and was designed with a separate septic system. The entire area is security fenced with a privacy fence in front. There are also large fenced exercise yards for conditioning. All content of this listing belongs to the Owner in this Listing! Copyright © All Rights Reserved.
