Marilyn's German Shepherds

<http://www.marilynsgermanshepherd puppies.com>

I don't sell any of my puppies to anyone without talking to them on the phone first.

Marilyn's German Shepherds Welcome to Marilyn's German Shepherds! I'm a Missouri State licenced kennel. I'm a American Kennel Club inspected kennel. I'm a member of the Missouri Pet Breeders Association. The picture above is some of my past German Shepherd puppies that all found homes with loving families. I have been a German Shepherd breeder since 2004. I have all colors black and tan, black and silver, black and red, bi-color, black, white, black and tan brindle, black sable brindle, silver sable, tan sable, and red sable of German Shepherd puppies. I have German Shepherd puppies for sale as pets that are wonderful, loving, family protectors. I also have full working line German Shepherd puppies for sale that would do well in a working job, SCH, agility, therapy dog, search and rescue, or as a very energetic family member. They are all sweethearts. Enjoy! Feel free to call or email. I always enjoy meeting and talking to people that are interested in German Shepherd dogs, as I am. Thanks for your interest in my puppies. Marilyn White, Owner & Breeder
