Whether you are interested in participating in one of the German Shepherd sports, Showing, Schutzhund, or just a family companion, we may have a puppy just for you.

TeMar German Shepherds The German Shepherd Dog is a versatile breed, and our dogs excel in Schutzhund / Conformation, and most importantly as loving Family Companions & Schutzengel (German for Guardian Angel.) When it comes to making a puppy a new member of your family, we at TeMar Shepherds know the importance of temperament and structure for our puppies to reach utmost potential. Whether you are interested in participating in one of the German Shepherd sports, Showing, Schutzhund, or just a family companion, we may have a puppy just for you. In order to achieve these goals, we start with good foundation females, knowledge of bloodlines and also research and careful planning to find the right or the best suitable male. Finding a suitable male is important to maintain or better the physical characteristics, health and temperament of puppies, which is as equal in importance as the beauty of our GERMAN SHEPHERDS. We know these wonderful dogs have made us just a bit happier by being part of our lives. medianet_width='600'; medianet_height='250'; medianet_crid='880436545';
