BREEDERS AND EXHIBITORS OF QUALITY GERMAN SHEPHERDS IN THE UK.

We are UK Kennel Club registered Accredited Breeders All Agios puppies are reared within our home in a purpose built centrally heated puppy room, ensuring that both Mother and her puppies have the maximum amount of care needed in the first few weeks after birth. Our puppies then remain within our home until it is time for them to go to their new home. We believe that rearing our puppies in this way gives them a great start and this makes the adjustment to their new home and environment far easier. We offer a lifetime of help with your puppy as it grows into adulthood. We are not breeders who forget about you or dogs we have bred and we hope by browsing through our web site you will see how new owners have kept in touch with photographs and news regarding their puppy / adult.
