BOZEEB KENNELS

<http://members.wideband.net.au/jenniferfeil/index.htm>

We believe the secret of raising a healthy pup depends on correct diet and adequate socialization.

Our objective is to breed animals with intelligence and trainability as well as show quality. Correct construction is crucial for the working and obedience dog and sound temperament and intelligence is an indispensable asset for the show dog. We believe the secret of raising a healthy pup depends on correct diet and adequate socialization. Feeding and environmental factors play a major part in establishing mental and physical soundness. Therefore, much attention is given to the requirements of each stage of development from birth through to eight weeks of age and onwards to make certain the physical, spiritual and psychological needs are fully met. Bozeeb pups are raised solely on a natural ALL RAW (BARF – Bones and Raw Food) diet based on what the pup would have eaten in the wild. We have bred over 100 pups and, over a period of time, have discovered this is the diet that works best. Currently, we have dogs placed in the Victorian Police Dog Squad. Still others are excellent family pets and companion dogs and quite a number have obedience titles. Through Bozeeb Jacqueline Class2. Graded excellent A-Z. CD. “ZENA” (Full sister to our “JACKO” CH. Bozeeb Jacko Hearts A-Z Class 1. CD. ET. Graded Multi-Excellent) the Victorian Police Dog Squad have utilized the Bozeeb bloodlines in their breeding program. Also, “JACKO” has a son in the New South Wales Police Dog Squad from his 2005 litter to “KAYLA” CH. Dontrix Ethans Litlhotti A-Z. IMP.NZ. (Owned by Jencol Kennels). medianet_width='600'; medianet_height= '250'; medianet_crid='880436545';
