**Breeding Outstanding German Show lines and American Lines to produce impeccable temperament, intelligence, trainability, and beauty. Fully Guaranteed!**

Indiana German Shepherds We are a small kennel in Chrisney, Indiana, which is located in Spencer County, Indiana. We enjoy training and working with our dogs and are current members of the Evansville Obedience Club. We offer a guarantee of health, hips, and elbows realizing the importance of having a breeder who will stand behind the dogs they breed. Being a good breeder requires many hours of research and dedication to the study of the breed including potential health problems, issues, and dietary needs. I enjoy learning all I can and continue to seek even more information as time allows. Our breeding pairs are chosen after carefully considering the individual dog's general health, temperament, structure, and drives. The breedings are planned in hopes of improvement. All puppies are socialized daily, have early neurological stimulation, and are temperament tested before being placed in their new homes.
