We practice pack living with them as well as lots and lots of individual development time.

~ Our Philosophy ~Our dogs live in a home, kennel and farm environment and are exposed to all aspects of life that will help them be balanced stable working dogs and family companions. We practice pack living with them as well as lots and lots of individual development time. One of our favorite features of our dogs is their "off and on switch". This means the dogs will work with intensity when needed and also lay at your feet during quiet times. medianet_width="600"; medianet_height="120"; medianet_crid="137148174";
