Reflective trim for night time safety

Click the Image Directly ^^^Above^^^ for More Information, Current Pricing and Availability.Wide non-porous neoprene dog collarDistributes load for decreased "pinching"Reflective trim for night time safetySeparate ID tag holderStainless steel D-ring; 1.75-inch wideProduct DescriptionSize: Large | Color: Green CamoThe EzyDog neo collar has taken what has been the 'standard' in dog collars in the industry to a much more comfortable and functional level. This is the 1.75-inch wide version (in limited colors) that disperses more load on those big -inchkids-inch and a great look. Waterproof, rust proof and nearly stink free with easy cleaning put the EzyDog neo collar ahead of the pack. EzyDog neo collars now include a gear clip for your dogs id tags or other clipable items. Like our original they still offer the best in comfort, style and durability. Soft rubber neoprene (the same material used in wetsuits) is reinforced with nylon webbing for strength. Hook and loop adjustments make sizing a breeze and the quick release buckle offers strength with ezy-on and ezy-off convenience. Completely waterproof and easy to clean.
