Click the Image Directly ^^^Above^^^ for More Information, Current Pricing and Availability.You will not be charged until after you review and complete your order.Remote dog training collar to train your dog remotely with range up to 600 feet;Strong humane Vibration command to stop barking or other undesirable behaviors;Shock buttons for each dog;shock levels: Low (L) or High (H).Adjustable dog collar strap fits 6-25"/15cm-65cm small, medium or large dogs;Rechargeable remote has compact size(13cm in length) and lightweight(1.7oz/48g) design with lanyard and belt-clip for easy carryingProduct DescriptionOUR NEWEST VERSION THAT KEEPS THE BEST FEATURES OF OUR OLD VERSION BUT HAS MAJOR IMPROVERMENTS. REASONS YOU SHOULD TRY THIS PRODUCT1.Remote has a power button so you can lock the buttons when it is not in use or you are concerned about accidental corrections.2. Remote has the built-in antenna(about 1" in length) is lightweight and rechargeable with lanyard and belt-clip for easy carrying.3.Large buttons are easy to access and won't stick.4.Receivers deliver more controllable corrections. If the button is pushed once, the receiver will vibrate or shock once. Low level(L1 or L2) is truly low shock that is for small dogs or sensitive dogs while the high level with more powerful jolt for a large dog or more headstrong/insensitive dogs.This remote dog training collar system has the most intuitive operation and simplest button layout for fast access and instant control of your dog's unwanted behaviors such as excessive or aggressive barking or or chasing cars or for obedience training. This remote dog trainer has 3 vibration command buttons:V1 for dog 1, V2 for dog 2 and V for both dogs. This two vibration setting can serve different dog training purposes. For example,V1,V2 serve as warning before shock and V to get attention of both dogs.This remote dog training collar systems includes:1. One rechargeable remote w/lanyard and belt-clip ;2. two water-resistant(not waterproof) rechargeable receivers w/ adjustable dog collar straps (6"-25"/15-65cm);3. Wall charger with dual USB charging cable;4. Metal prongs, Shock test light;5. Manual
