VON DAILY GERMAN SHEPHERDS

<http://vondailygermanshepherds.com>

Von Daily German Shepherds is a German Shepherd Breeder selling Exceptional West German Show Lines with Families and Protection in mind.

VON DAILY GERMAN SHEPHERDS Von Daily German Shepherds is a breeder of Black and Red Top German Shepherd puppies. It is our mission to breed healthy German Shepherds with sound minds and excellent temperaments. We are located in Southern CA, in the city of Alta Loma, California 50 miles east of Los Angeles. Our dogs are a part of our family and are allowed to sleep in our house and have very good house manners. Our goal is to make your experience with your German Shepherd Dog as fulfilling as ours. Our German Shepherd Dogs are carefully selected making them an exceptional Family Companion and Personal Protection dog for all ages. We are a small kennel, which allows us to give our litters the time and attention and socializing them with various situations. As a German Shepherd Dog Breeder we know the buyer does not have control over the first crucial eight weeks. The difference we make as breeders in the way our German Shepherds are cared for and handled is extremely important. As German Shepherd breeders our German Shepherd puppies spend the first four weeks in our home and are handled several times a day. The next two weeks our German Shepherd puppies are moved to an outside kenneled weather permitting and taken out for walks and play time several times a day. The final two weeks, before the German Shepherd puppies are ready for your home, they are taken outside and familiarized with the elements of the outdoors, various noises, our horses and real life situations. The German Shepherd puppies are also encouraged to play with balls to encourage play drive. The special care we as a small kennel give the German Shepherd puppies give us an advantage over large kennel owners who have no time to socialize or interact with many litters born at once. We are not a puppy mill! Our puppies come with a written guarantee. medianet_width="600"; medianet_height="120"; medianet_crid="137148174";
