German Shepherd breeders for over thirty five (35) years

Sharobi German Shepherd Dogs We are not a large breeder in an overpopulated area. It is our goal to give our dogs the environment and attention that best enhances their health and temperament. And we have been very successful german shepherd breeders for over thirty five (35) years. Our breeding program is based upon breeding dogs to the standard. We want to enhance those characteristics that make this breed what it is -- trainability, loyalty, wonderful ground covering movement, elegance, nobility. And we will not sacrifice physical or mental soundness in any way. We now have up to 7 generations of our dogs in many of our pedigrees -- each generation the result of careful study and planning. We are pleased with the results. medianet_width="600"; medianet_height="120"; medianet_crid="137148174";
