The Nature's Miracle Story  
Behind the Nature's Miracle formula is a family that loves its pets. In 1981, the original Nature's Miracle product, which had been intended for use in preschools, was used by founder Joe Weiss as an emergency clean up product for a pet accident. Because of the products success in cleaning up the accident, Joe was quickly realized an opportunity. His company then produced 24 bottles of Nature's Miracle "Pet Mess Easy Clean-Up". The new cleaner sold out in 48 hours! Due to the delight of pet owners everywhere, Nature's Miracle Stain and Odor Remover was created. The Nature's Miracle formula was undeniably effective at removing stains and odors. Because of its immediate success and popularity, the Nature's Miracle team has strived to create effective products so that you can love your pet, even when it has an accident. Nature's Miracle Stain & Odor Remover is effective in fighting ALL organic stains, including the ones made by your pet. How it Works  
Since 1981, Nature's Miracle continues to bring new and innovative pet stain & odor solutions to the market place. This product uses bio-enzymatic agents and oxygen boosters to remove the most severe stains and odors, including ones other products have failed to remove. The bio-enzymatic odor locking technology destroys odors to discourage re-soiling. This is also our fastest drying formula, which minimizes tracking through the house. medianet\_width='600'; medianet\_height='250'; medianet\_crid='556787855';
