Porch Potty Premium

First Automated Grass Litter Box for Dogs

Click the Image Directly ^^^Above^^^ for More Information, Current Pricing and Availability.Stop worrying about getting home quickly to let your dog out.No more pee spots on your floor.Give your dog a convenient place to potty, even if your not home.The Porch Potty is the only automated grass litter box for dogs.Options: Real or Synthetic Grass, Drain Hose or Drain Container, Sprinkler Rinse System or Manually Rinse.Product DescriptionGive your dog the perfect patch of grass with the Porch Potty Standard. The unique design allows instant drainage to either the container stored under the Porch Potty OR the 14 foot drain hose to be directed to any nearby rain gutter or floor drain. The Porch Potty Standard is different from the Porch Potty Premium because it does not have a hose connection or sprinkler system. To rinse the synthetic grass or training sod, pick up any solids first, then use a watering can to sprinkle a few gallons of fresh water over the top and let the Porch Potty drain itself. No soap or harsh chemicals are needed, just clean water a few times per week. With a full 8 square feet of grass area (2'x4'), the Porch Potty can accommodate all dogs from 5 to 120 lbs. Plenty of space to circle and find the perfect spot. SPECS: Outer Dimensions: 26" x 50" x 7" Grass Area: 8 square feet (2'x4') Material: All weather resin wicker over metal frame Drain hose length: 14' ultra-flexible Potty Training Booklet and User Manual Scented Fire Hydrant
