## Wood Pause Table

With this table you get all 4 sets of legs needed for both AKC and USDAA height requirements

Click the Image Directly <sup>^^^Above^^^</sup> for More Information, Current Pricing and Availability. With this table you get all 4 sets of legs needed for both AKC and USDAA height requirements. Includes a carrying bag to hold the leg inserts. Easy to change leg heights don't require any tools. The Pause Table is primed, painted and treated with traction surface, all ready to go. Constructed of 1/2" thick BC-exterior grade plywood. Product Description: Affordable Agility is pleased to offer you a practical solution in this Pause Table. Ultra sturdy and all ready for you out of the box! Meet the Pause Table, the infamous place where your speeding bullet has to stop and rest for a long torturous 5 seconds, this is a challenge for many energetic dogs! It is painted with exterior contact zone yellow paint infused with sand for a reliable traction surface. The frame is made from UV stabilized furniture grade plastic pipe and is impressively sturdy and won't sag, tilt, or tip under normal usage, even for the largest of breeds. A sand infused coating is applied on the first coat. The frame fascia is 3" tall per AKC guidelines, and is also painted twice over.
