Angelic German Shepherds

<http://angelicshepherds.com/>

Breeders of Quality AKC Large to Over-sized, Uniquely colored German Shepherd dogs.

Angelic German Shepherds We have been German Shepherd lovers for many, many years. They are extremely loyal and can be trained to do everything from SAR, Cadaver, Narcotics, Protection, etc... The list just goes on and on. The best and most important thing is that a German Shepherd will be your best friend for life. They are happy to be on the go with you or sitting next to you while you watch your favorite television programs. We appreciate all that this beautiful breed can offer. We breed sound dogs with typical German shepherd temperaments. Some of our dogs are over standard in size (100+ lbs). We OFA (hip & elbows) all breeding dogs before they become part of the breeding program. We also breed colors that, although part of the history in the shepherd, are not always accepted by other breeders. I love the saying "No Good Dog is a Bad Color". Having these unique colors give us dogs that really stand out in a crowd yet still have the sound temperament and structure we strive for in our program. Our puppies are socialized daily and start vaccination/wormings before leaving us. Please take a look around... We are looking forward to hearing from you!
