Zauberberg K9 Zauberberg K9 has been in business of training dogs for Schutzhund titles, training Police dogs for Patrol and narcotic/ explosive detection as well as training dogs for families in obedience and protection for over twenty years in America. Competing at the USA Nationals, USA Regionals, 100's of Club trials titling more than 150 dogs (Who else can truly say this?) . Prior to that Zauberberg's Head Trainer and founder, Andreas Mueller had trained dogs in those venues, competing at German Landesgruppenausscheidung and the world most prestigious Bundessiegerpruefung (BSP) for over 18 years in Germany , until he moved to the United States. Our training teaches us how to breed better dogs, because they are constantly evaluated for their intelligence. Their health is closely monitored so that adjustments in matings can be made immediately. After twenty years in the USA we have a few great things to share with you: Great training and training concepts that work logical and reliable!
