All our German Shepherd puppies are specially bred for maximum health, temperament, longevity, anatomy, intelligence, and firmness of nerves.

vom Haus James Hello and thank you for your interest in our first class German Shepherd puppies. My dogs are my art and love, I raise all of my dogs in my home with my cat and my Maltese. All German Shepherd puppies are very spoiled and well socialized. We feed our German Shepherd puppies the best food for maximum performance. We make sure to have them vet checked regularly, give them shots and have them wormed, as well as provide all the care and attention you would expect of a professional breeder. All our German Shepherd puppies are specially bred for maximum health, temperament, longevity, anatomy, intelligence, and firmness of nerves. All dogs and puppies are 100% World Sieger Champion imported German bloodlines, with SchH title 1, 2 or 3 and koerklasse 1a normal hips (German breed judging standards are much higher than USA) Although there is always a chance, we haven't seen any hip dysplasia in over fifty years anywhere in our bloodlines as in Germany they always rate hips before breeding after 1966 as a law (this was very important to me, and I would hope it would be to you as well). All dogs are guaranteed from any genetic defects. We are located in Los Angeles CA, so we offer a free delivery anywhere within 50 miles of Los Angeles. We also accept all major credit cards via paypal. If you want the best of the best, family companion, world class show dog, Schutzhund sport or personal protection dog, you are at the right place.
