In addition to reducing a dog's desire to pull away, the Gentle Leader is also a very effective tool in combating lunging, jumping, excessive barking and helping to calm an aggressive and/or anxious animal. Why is a Gentle Leader the best choice? Here are just of few of the reasons why…Stops leash pulling…an extremely common problem that spans all breeds, ages, and activity levels and leaves both owners and dogs frustrated.Controls unwanted behaviors …general aggression and dog-on-dog aggressive behavior, anxiety issues, and a wide range of compulsive disorders.Fully adjustable…both neck strap and nose loop can be adjusted independently to create a custom fit.Immediate results…most dogs acclimate within minutes and respond very quickly.Lifetime guarantee. How does a Gentle Leader compare to other halter-like products? More effective…the Gentle Leader allows owners to communicate with their pet in a way that dogs instinctively understand. The nose loop encircles the dog's muzzle and applies light pressure in the same manner in which lead dogs naturally communicate with dogs lower in rank. Because of the placement of the nose loop, the dog immediately understands its place in the hierarchy and recognizes the owner as the leader.Can be custom fit…the Gentle Leader is the only headcollar with a fully adjustable nose loop. Once fitted properly, dogs can wear a Gentle Leader for up to 3x longer than other head halters…as long as 16 hours…and cannot paw it off.Unmatched versatility…the Gentle Leader can be used effectively to control unwanted behaviors ranging from leash pulling and lunging to barking, jumping, chasing, digging and begging; doesn't need safety straps or double-leashing; and can quickly convert to a regular collar.Fashionable…the Gentle Leader can be purchased in a variety of colors. Straps are made of supple nylon:Won't choke…pressure is applied at the back of the neck vs. the front of the throat.Not a muzzle…when fitted properly a dog can open its mouth to eat, drink, pant, fetch, and bark.Can be used with dogs eight (8) weeks of age or older.Can be worn up to 18 hours/day.
