Quality German Shepherds 100% German Work (West German, East German and Czech).

Von Der Haus Fisher German Shepherds We are a small breeding kennel facility. We breed quality not quantity. We are not a puppy mill. Our main emphasis is sound temperament, correct structure, good solid nerves, and strong working drives. Our pups are big-boned with dark, rich pigment. Pups will be suitable for Police, SAR, Schutzhund (What is Schutzhund), and pet quality. Our pups have very strong nerves, due not only to good breeding, but the process through which they go through. Pups are heavily socialized, and temperament tested at 7 weeks old, before entering into homes. Pups are guaranteed to be OFA certified at the age of 2. Our kennel is known for its impeccable temperament, and beauty of our dogs and pups. We do NOT handle American line Shepherds, as we feel, due to all the inbreeding that has been done, the temperament of these dogs are either fear biters or too aggressive. You will find our dogs will have a balance in temperament. My females have such sound temperament, I can let strangers into the whelping room. We handle Czech, DDR and W. German working lines.
